SUMMARY

I am a passionate professional in software engineering, technology, and **mobile development**, with over 10 years of experience. My career includes specializing in mobile application development, training young students at UC, and creating applications which have managed over 20,000 concurrent users.

My focus has always been on **horizontal development**, acquiring knowledge in diverse areas, which has enabled me to become a **full stack developer** with multiple skills, significantly impacting my career.

EXPERIENCE

Lead Mobile Engineer
Agentero

📅 03/2017 - Present   📍 Remote

Insuretech that reinvents the agency network.
- Expert in developing native Android (Java, Kotlin) and iOS (Swift) apps, designing databases (SQLite, MongoDB), and creating UI/UX designs with tools like Photoshop, Sketch, and Zeplin.

Technical Advisor
Agentero

📅 01/2017 - 03/2017   📍 Remote

Insuretech that reinvents the agency network.
- Delivering expert technological advice, coordinating team functionality, configuring system architectures, designing mobile app UI/UX, and analyzing data repositories for improvements.

CTO
Ubilingua

📅 01/2016 - 03/2017   📍 Remote

Digitizing language learning materials.
- Developing native mobile apps for Android (Java, Kotlin) and iOS (Swift), and creating multiplatform apps with Apache Cordova and Unity. Expertise in database design (SQLite, MongoDB), UX/UI design (Photoshop, Sketch), API/WebService integration (PHP, MySQL), and data collection integration (Google Analytics, MixPanel).

Mobile Consultant
Incentro

📅 01/2015 - 01/2016   📍 Santander, Spain

Incentro Spain specializes in Digital Transformation and Customer Experience.
- Developing hybrid mobile apps for Android & iOS and experienced in app deployment (TestFlight, Google Developer Console) and CI/CD implementation (bitrise.io).

Mobile Developer
Netkia

📅 04/2014 - 06/2014   📍 Torrelavega, Spain

Specialized in business and process digitalization.
- Proficient in JavaScript, HTML, PHP for web development and experienced in developing multiplatform mobile applications using Bootstrap, AngularJS, and Apache Cordova/PhoneGap.

Jetpack Compose   **UI/Unit Testing**

CI/CD pipelines   **UX/UI**

Kotlin Multiplatform   **SQLite**

Security   **Unity**

Full Stack Development

Golang   **MongoDB**   **SQL**

Google Cloud Platform

Amazon Web Services   **Web Services**

Other

GitHub   **HTML + CSS**   **Javascript**

SOLID principles   **Clean Architecture**

AngularJS   **PHP**

AWARDS

💎 Top Ranking GooglePlay

💎 Finalist in the "Cantabria Web Awards"

EXPERIENCE

Associate Professor

Universidad de Cantabria

📅 02/2014 - 03/2014   📍 Facultad de Ciencias

CEUC is the Student Council of the University of Cantabria.

· Taught intensive theoretical-practical courses like "Android: First steps" to 50 students, full capacity.

IT System Administrator

Tecninorte, S.L.

📅 02/2008 - 04/2008   📍 Astillero, Spain

· Experienced in single and multi-user systems, programming fundamentals, computer networks, database management, software/hardware repair, remote support, software sales/installation, hardware assembly, and server management.

EDUCATION

Master's Degree, Development Engineering for Mobile Devices

Universidad Alfonso X El Sabio

📅 01/2013 - 01/2014   📍 Madrid, Spain

Erasmus, Computer Sciences

West University of Timisoara

📅 01/2012 - 01/2013   📍 Timisoara, Romania

Engineer's degree, Computer Sciences

Universidad de Cantabria

📅 01/2008 - 01/2013   📍 Santander, Cantabria

Technician in Computer Systems Administration

IES Augusto González de Linares

📅 01/2006 - 01/2008   📍 Peñacastillo, Spain

STRENGTHS

💎 Versatile Developer

In dynamic startup environments, I've taken on various roles across both frontend and backend, gaining comprehensive software development skills. This horizontal development approach has enabled me to adapt quickly, work closely with diverse teams, and deliver complete, innovative solutions. My versatility and broad technical knowledge are key assets in fast-paced settings.

💎 Playmaker in Team Collaboration

One of my core strengths is my ability to effectively lead and engage with colleagues. I excel in fostering a collaborative and positive work environment, ensuring that team members feel valued and motivated. My strong interpersonal skills enable me to communicate clearly, resolve conflicts efficiently, and build strong professional relationships, contributing to the overall success of the team and projects.

ACHIEVEMENTS

💎 Pioneer in Football Tech Engagement

Developed the first official application for a football team in Spain, demonstrating my ability to lead innovative projects and deliver high-quality solutions in a competitive industry. This achievement highlights my technical skills, creativity, and commitment to excellence.

PASSIONS

💎 IA innovation

💎 Clean Architecture

💎 Home Automation
